Products of choice for all things equestrian™

AHD ANPROFLEX EQUINE POWDER

New Potent dual action nutritional joint and cartilage support.

New potent powder formulation suitable for use in all horses competing in any equestrian sport or horses showing signs of restricted mobility.

Rich in nutrients including glucosamine, chondroitin, complex amino sugars, (glycosaminoglycans) and a very important fatty acid called eicostatetraenoic acid. All sourced from New Zealand Green Lipped Mussel through a cold pressed process.

Available in a 105g and 1kg pail containing an application spoon.

Dual action by way of rebuilding damaged cartilage and blocking inflammatory pathways to provide relief from arthritis and stiff joints.

NOSTRILVET

A fast acting clinically proven allergy blocker to prevent equine hayfever, head shaking, heaves, coughing and dust allergy in horses.

Nostrilvet forms a natural barrier to stop indoor and outdoor allergies before they start.

Available in an outer of 6 packs each containing 2 x 3000mg active.

Nostrilvet can offer relief within 15 minutes of treatment keeping the nasal tract in full working order maintaining a supply of unhindered oxygen to the lungs.
