

**FOR ANIMAL TREATMENT ONLY**

# Udder Cream

Contains 2g/kg iodine, various oils and waxes. This udder pack allows contamination free storage, controlled removal and controlled application to cow's teats.

## **GENERAL**

UDDER CREAM promotes rapid healing of sore and chapped teats, wounds and abrasions. For the prevention of mastitis use TEATEASE® UDDER CREAM.

## **DIRECTIONS FOR USE:**

Hang the pack where convenient and cut where shown. Strip the cream onto the palm of the hand.

**For sore or chapped teats.** After each milking rub gently into the sore areas.

**For wounds and abrasions.** Clean the wounds and liberally apply UDDER CREAM after each milking.

UDDER CREAM will NOT taint milk.

Udder Cream is registered under the ACVM act 1997 No. A2885 to AHD Ltd.

**MAF Approved (22/1/80) for use in farm dairies.**
