

Barrier protection cream to ease over obstacles

Highly effective, long lasting and water repellent, this tough cream lubricates the skin allowing the surface to glide over jumps to reduce impact.

Tested and approved in Australasia.

Event Cream has been developed to provide premium protection for your horse while out on the cross country course.

Highly effective, long lasting and water repellent, this tough cream lubricates the skin allowing the surface to glide over jumps to reduce impact.

Goes on effortlessly and washes off easily with shampoo and water.

Equine Health Event Cream is a must-have for the serious competitor.
