"I have known Nate for many years and even as a young dog, he was plagued with arthritis.

I got his owner Johnny Walls (a sheep farmer), onto Anproflex many years ago, and they definitely made Nates life a lot easier.

Johnny retired Nate to an older lady in Temuka and she brings him in to see us at Farmlands when she comes in to buy more Anproflex for him."

"Anproflex contains food grade green lipped mussel which carries with it other health benefits as well. I would fully recommend them."
