## **INTRODUCTION - NATHAN WINTER ANIMAL HEALTH ADVISOR - UPPER SOUTH ISLAND**

---

Hi, my name is Nathan, and I am the AHD Animal Health Advisor/Sales Rep for the Upper South Island including Canterbury, West Coast and Tasman regions.

## **ABOUT ME**

---

I am a born and bred southern man from Dunedin and but moved to Canterbury in 2013. I still bleed blue and gold but my 2 children, Liam (13) an Annabelle (10), are slowly adopting the red and black. I'm married to an Australian Krissy (but don't hold that against me) and I have worked in the Agri sector for the last 8 years.

So, if you are in the upper South Island region you might catch me, and my trusty chocolate labrador Maple, coming up your driveway to introduce myself and have a chat about what you're doing.

We are 100% New Zealand Owned and Operated and we are proud to offer competitive pricing on our full range of Animal Health Products.

Please feel free to contact me about what AHD could do for you.
