INTRODUCTION - RENEE AMEY

Hi there, I'm Renee your AHD Ltd Lower North Island Animal Health Advisor/Sales Rep supplying you Animal Health products direct from our Hawke's Bay warehouse based at 2 Tumu Way, Longlands, Hastings.

ABOUT ME

I'm originally from the King Country where I attended a small local school and took every opportunity to work on the farm with my dad. My mum was the local dental nurse.

I moved to Hawke's Bay 10 years ago and married a farmer. We live on a farm in lovely Rissington have 3 teenage children.

You may see me driving up your driveway or stopping at the yards to say hello and introduce myself.

If you are unfamiliar with AHD Ltd (Animal Health Direct), the company has been operating for 22 years in Hawke's Bay. We sell direct to you, the farmer.

As we are all aware Cyclone Gabrielle has played a very significant roll in the way we now shop for our animal health products. I can offer you quality products at a competitive price.

Please feel free to call into our warehouse or give me a call. I would love the opportunity to come on farm and have a chat.
